

NO. 1739.
TO W. C. GOANS, IN CHANCERY
COURT, RUTLEDGE, TENN.
Julia Goans VS W. C. Goans.
In this cause, it appearing from the bill which is sworn to, that the defendant, W. C. Goans, is a non-resident of the State, he is, therefore, hereby required to appear, on or before the 1st Monday of June, next, before the Clerk and Master of said Court, at his office in Rutledge, Tenn., and make defense to the bill filed against him in said court, by Julia Goans, or otherwise the bill will be taken for confessed.
It is further ordered that this notice be published for four consecutive weeks in the Grainger County News.

This April 20th, 1918.
W. T. PHILLIPS,
Clerk and Master.

NOTICE OF INSOLVENCY.

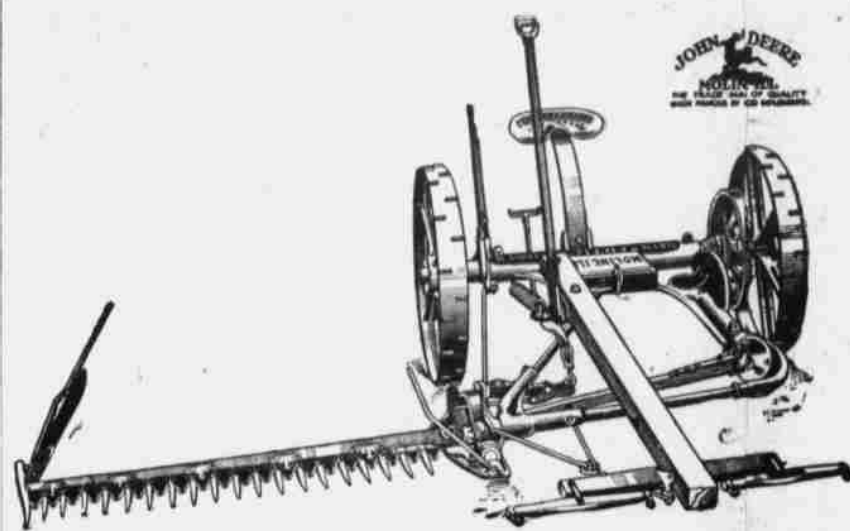

To the creditors of the estate of John H. Hipsher, deceased:
The insolvency of the estate of John H. Hipsher deceased, having been suggested by me to the County Court of Grainger County, Tennessee, and an order having been made on me to give notice to all persons having claims against said estate; all persons having claims against said estate are therefore, hereby notified to appear and file their claims with the Clerk of the County Court at his office in Rutledge, Tennessee, authenticated in the manner prescribed by law, on or before the 20th day of July 1918, and any claim not filed on or before the date fixed in this notice, or before an appropriation of the funds of said estate is made shall be barred both in law and equity.
This April 15th 1918.
Orlando Coffey,
Administrator of the estate of John H. Hipsher deceased.
5-23-18. 4t.

HOUSE CELEBRATES CANADIAN TREATY.

Washington.—In the midst of war legislation the house this afternoon paused to celebrate the one hundredth anniversary of the treaty between the United States and Canada, which agrees that warships shall be abolished on the Great Lakes.

Representative Young of North Dakota introduced a resolution proposing the erection of a memorial statue by the two countries jointly. "The century has shown," said Representative Miller of Minnesota, in a short speech, "that two nations with righteous motives can live side by side in peace."

Members of The East Tennessee Press Association.

In spite of "big guns," the world refuses to be frightened into submission.

The war will be won when every American is forced to put his shoulder to the wheel and all pull together.

If you don't relish potatoes, eat them any way. Save the wheat for the boys who are doing your fighting. It's patriotic.

The adage, "Brevity is the soul of wit," could be appropriately applied to the contents of a book entitled "Who's Who" in Grainger county politics.

The people of Grainger county should be commended for their loyal and patriotism in buying bonds. They put the subscriptions "over the top" easily.

Under the regulations of the Fuel Administrator, consumers of coal will be allowed to purchase and receive, during the month of May, their actual and necessary requirements for the period ending March 31, 1919. Buy your coal during this month.

In this issue of the News we publish the formal announcement of H. M. Rankin who is a candidate for attorney general in this, the second judicial circuit. Mr. Rankin has been serving in the capacity of assistant attorney general for about three years and has made a good record—performing the duties assigned him faithfully and impartially. He is honest and capable and has many friends throughout Grainger county who will no doubt give him hearty support.

We've heard of some of Jefferson's candidates electioneering in Grainger county! Well, of course Jefferson and Grainger were united by the steel bridge over the classic Holston river some time ago, and the Grainger News floats with a "Jefferson County" head on it, and they are excusable.—Jefferson City Watchman.

These candidates are excusable only on condition that they not disturb the unvaried tranquility into which Grainger's political "war horses" are now lounging.

Farmers must have laborers. If food is produced, work must be done. Loafers should be put to work. The Sheriff of Grayson County, Texas, announced through the press and elsewhere that ever man must "go to work or to jail. No man will be allowed to loaf around town or in the county, because we are at a point where every man's labor is seriously needed for the farms".

What is Tennessee doing? What about our county? Are we requiring loafers to become producers? While our sons fight in France shall we permit husky men to remain idle in our community, when we know their labor will produce food without which we can't win the war without which our sons fight in vain?

TO CUT WHEAT USE ONE-HALF

Military Necessity Demands That
Each American Eat Only 1½
Pounds Wheat Products
Weekly.

CORN AND OATS SUBSTITUTES.

Allies Must Have Wheat Enough to
Maintain Their War Bread
Till Next Harvest.

If we are to furnish the allies with the necessary proportion of wheat to maintain their war bread from now until the next harvest, and this is a military necessity, we must reduce our monthly consumption to 21,000,000 bushels a month as against our normal consumption of about 42,000,000 bushels, or 50 per cent. of our normal consumption. This is the situation as set forth by the U. S. Food Administration at Washington. Reserving a margin for distribution to the army and for special cases, leaves for general consumption approximately 1½ pounds of wheat products weekly per person, the Food Administration's statement continues: Many of our consumers are dependent upon bakers' bread. Such bread must be durable and therefore requires a larger proportion of wheat products than cereal breads baked in the household. Our army and navy require a full allowance. The well-to-do in our population can make greater sacrifices in the consumption of wheat products than can the poor. In addition, our population in the agricultural districts, where the other cereals are abundant, are more skilled in the preparation of breads from these other cereals than the crowded city and industrial populations.

With improved transportation conditions we now have available a surplus of potatoes. We also have in the spring months a surplus of milk, and we have ample corn and oats for human consumption. The drain on rye and barley as substitutes has already greatly exhausted the supply of these grains.

To effect the needed saving of wheat we are wholly dependent upon the voluntary assistance of the American people and we ask that the following rules shall be observed:

1. Householders to use not to exceed a total of 1½ pounds per week of wheat products per person. This means not more than 1½ pounds of Victory bread containing the required percentage of substitutes and one-half pound of cooking flour, macaroni, crackers, pastry, pies, cakes, wheat breakfast cereals, all combined.

2. Public eating places and clubs to observe two wheatless days per week, Monday and Wednesday, as at present. In addition thereto, not to serve to any one guest at any one meal an aggregate of breadstuffs, macaroni, crackers, pastry, pies, cakes, wheat breakfast cereals, containing a total of more than two ounces of wheat flour. No wheat products to be served unless specially ordered. Public eating establishments not to buy more than six pounds of wheat products for each ninety meals served, thus conforming with the limitations requested of the householders.

3. Retailers to sell not more than one-eighth of a barrel of flour to any town customer at any one time and not more than one-quarter of a barrel to any country customer at any one time, and in no case to sell wheat products without the sale of an equal weight of other cereals.

4. We ask the bakers and grocers to reduce the volume of Victory bread sold, by delivery of the three-quarter pound loaf where one pound was sold before, and corresponding proportions in other weights. We also ask bakers not to increase the amount of their wheat flour purchases beyond 70 per cent. of the average monthly amount purchased in the four months prior to March 1.

5. Manufacturers using wheat products for non-food purposes should cease such use entirely.

6. There is no limit upon the use of other cereals, flours, and meals, corn, barley, buckwheat, potato flour, et cetera.

Many thousand families throughout the land are now using no wheat products whatever, except a very small amount for cooking purposes, and are doing so in perfect health and satisfaction. There is no reason why all of the American people who are able to cook in their own households cannot subsist perfectly well with the use of less wheat products than one and one-half pounds a week, and we specially ask the well-to-do households in the country to follow this additional programme in order that we may provide the necessary marginal supplies for those parts of the community less able to adapt themselves to so large a proportion of substitutes.

In order that we shall be able to make the wheat exports that are absolutely demanded of us to maintain the civil population and soldiers of the allies and our own army, we propose to supplement the voluntary co-operation of the public by a further limitation of distribution, and we shall place at once restrictions on distribution which will be adjusted from time to time to secure as nearly equitable distribution as possible. With the arrival of harvest we should be able to relax such restrictions. Until then we ask for the necessary patience, sacrifice and co-operation of the distributing trades.

WANTED

To contract
TOMATOES
At 60c a Bushel
Baskets and Seed Free

It is nearly time to plant pumpkin seed. Make arrangements for free seed.

See
Tate Bros.
Jefferson City, Tennessee

NOTICE TO FARMERS

We now have over two hundred acres of tomatoes contracted for a factory at Jefferson City.

We have cans and machinery bought for Jefferson City factory.

Get in line and contract and get your seed free at Jefferson City Hardware Co.

Yours truly,
R. G. Kinzie Co.

GOOD FOR WHAT AILS YOU
TRADE MARK.
VITAZONE

INDIGESTION, for example, is a mighty common and mighty troublesome ill. It gives you uncomfortable days and often restless, sleepless nights. It forces you to forego the pleasure of eating a host of things you really like, but are afraid to indulge in, lest you pay for your folly in acute, nerve-racking pain.

VITAZONE, the Magical Mineral Medicine, is PARTICULARLY good for the relief and cure of INDIGESTION. Even some of the worst cases have been cured in a week or two, and we have yet to hear from a user of VITAZONE who doesn't speak most highly of it in this regard.

And why shouldn't VITAZONE cure indigestion? VITAZONE is a mineral medicine, with IRON as its first and largest ingredient, plus sulphate aluminum, magnesium, calcium, sodium, silica, free sulphuric acid in just the proper proportions to act as a curative, a tonic, a blood purifier to the human system.

Taking VITAZONE regularly is like bringing the famous mineral springs to your dining table, for a teaspoon of VITAZONE in half a glass of water after a hearty meal is worth half a dozen glasses drunk at the spring. Treatment at a health resort is expensive—treatment with VITAZONE in your own home costs but a trifle.

VITAZONE is NOT a patent medicine, and contains no alcohol or concocted drugs. It is easy to take, is good for a score of common ills, is a natural antiseptic and germicide and is sold under a strict guarantee to satisfy or money refunded. For sale by all good druggists, or sent postpaid for ONE DOLLAR, by the makers,
Davis Manufacturing Co.—Jellico, Tenn.
